The idea of "occult sciences" developed in the sixteenth century. The term usually encompassed three practices—astrology, alchemy, and natural magic—although sometimes various forms of divination were also included rather than being subsumed under natural magic. These were grouped together because, according to the historian of religion Wouter Hanegraaff, "each one of them ... Fri, 07 Dec 2018 18:09:00 GMT Occult - Wikipedia - Western esotericism, also called esotericism, esoterism, and sometimes the Western mystery tradition, is a term under which scholars have categorised a wide range of loosely related ideas and movements which have developed within Western society. These ideas and currents are united by the fact that they are largely distinct both from orthodox Judeo-Christian religion and from Enlightenment ...
